PALMYRA COMMUNITY FAIR NEWS.

The fair will be held in the hanger instead of the recreation building as had been previously planned. The date, JUNE 12th starting at 1.30 P.M..

We can still use some help on some of the games and also in setting things up tonight and tomorrow.

TIME FLIES.

The past week has been a busy one in many ways. It seems almost that we just finished printing last weeks issue of the paper and now it is time to deliver this weeks issue and it still has not been printed. The Fair has taken up quite a few evenings, then there was the final meeting of the Stockholders of the Palmyra Pacific Acronceers. School will soon be out and there will be a number of families leaving and more new faces on the island.

The fiscal year is almost ended and Mr. Porro and his crew will be leaving. The new commissary has been finished, the hanger job is finally PAU except for painting and repairs to the roof. Bob Virchow, came up from Canton Island to take the waves and bumps out of our runway. The forty-footer made a fast trip out of the water to get it's bottom repainted. Mr. and Mrs. Kimberling celebrated their 10th wedding anniversary and Sherry Barnes had another birthday Today is King Kamohamaga Day. Yes, time flies..

FISHING NEWS

BY

The Marine Reporter

Last Sunday at 6 A.M. the fishing party consisting of Mr. Bruner, Hoffman, Hewerton, Watson, Hanson and Vosgior, battled their way in the forty footer, thru a driving rain to the fishing grounds off of sand Island.

With the usual beginners luck, Mr. B. managed to hook and land three papio averaging about six pounds. Five in all were caught by the party.

The biggest strike was made by Hoffman, who hooked onto Palmyra, but didnt land it.

In the afternoon another group went fishing in the same area and were fortunate enough to run thru a school of Ahi.

Again Mr. Bruner's luck paid off. He was the only one to land one of the big boys, (about 40 pounds) while the others suffered broken poles and lines. Mr. B's second strike resulted in disaster, as he too snapped his pole.

The afternoon catch was one Ahi, one Baracuda and six Papio.

This Sunday A.M. they are going to try it again- Good Luck Boys.
